Charlton's Delivers Gluten-Free Menu

Chef Bob provides a 100% Gluten-Free menu exclusively through UberEATS

JOHNS CREEK, GA – Charlton's Grill and Tap, a local family-owned neighborhood restaurant known for Chef Bob Charlton's imaginatively flavorful culinary creativity proudly offers the surrounding neighborhoods of Johns Creek, Roswell and Alpharetta east of Georgia 400, a 100% Gluten-free menu delivered exclusively through their UberEATS virtual restaurant, Chef Bob's Table.

"Prior to re-opening as Charlton's Grill and Tap four years ago, if you asked for a gluten-free menu, it was either non-existent, fit on an index card or you played 20 questions with the waitstaff to insure you could eat the dish" says owner and Chef Bob Charlton. "We focused on creating an allergy-friendly menu that tasted good, in both flavor and texture. This pandemic, although difficult on multiple levels, provided me an opportunity create gluten-free foods that look, smell and taste fresh from scratch."

The process for menu changes require months of preparation, research, market testing, and feedback analysis. It is fortunate that Charlton's has gracious neighbors willing to taste test creations and on April 18, 2020, our Gluten-free Dirty Smoked Chicken was born.

As Ryan Icard bit into a Dirty Smoked Chicken Leg, his eyes went wide, stared at Chef Bob and said "HOLY COW! This is fried chicken? Where'd you get it? Did you make it? Can you make more? When?" He was happy with the dozen Dirty Legs the next day!

Charlton's is open 3 to 9 pm Tuesday through Sunday, closed Monday's with Chef Bob's Table gluten-free menu available online at www.cgt.mobilebytes.com for curbside pickup, takeout or a parking lot picnic or delivery with advanced notice. Delivery of Chef Bob's Table gluten-free menu is exclusively through UberEATS delivery.
